The diagram illustrates a secure distribution system. A 'Production' box is connected to a 'Distribution' box. An 'Englement' box contains an 'Invalidation' box and a black circle. A line from the circle points to the 'Distribution' box, labeled 'calculated partial key'. A line from the 'Invalidation' box points to a 'Uses' box. A line from the 'Uses' box points back to the 'Distribution' box. Reference numerals 642 and 662 are present.

Hand-drawn diagram showing two rectangular components, labeled 616 and 653, connected by a line. An arrow points to component 616 with the text "write part of Key".
